

welcome drink

strawberry, white port, lime and mint

martini glass / wide topped glass

about 10 drops of white port per glass , this drink is a small mouthful

strawberry granite

fresh strawberries blended with a little sugar syrup to taste and lemon juice , not too sweet

frozen and scraped when needed , about 1 to 1/2 teaspoons of granite on the top to finish

mint and lime sphere

50 gr fresh mint leaves

200gr sugar syrup made from 500gr water / 220gr caster sugar / 1 vanilla pod ( boil and chill )

235gr fresh lime juice

4gr gluco

0.9gr xantana

blend the mint leaves and the sugar syrup together , add the lime juice xantana and gluco,blend until dissolved

pass through a sieve

skim off any scum and fill hemispherical moulds

freeze

algin bath

500gr water

2.7gr algin

put the frozen mint spheres in the algin bath for 5 minutes , rinse
